Wave House Events Presents Bruticus Maximus Wave Show

Wave House will provide a Wave Show for a private group on the Bruticus Maximus stationary Wave. The Wave Show will demonstrate the sport of FlowBoarding (surfing the stationary wave) with expert surfers performing a series of dynamic and extremely difficult maneuvers to the sound of music and rushing water as our announcer describes to the audience the techniques and skills used by the surfers. Additionally our announcer, with the visual aid of a large video screen, will enlighten guests with a history of the evolution of the wave machines and the integration of the extreme sport of FlowBoarding to the world of board sports. The Bruticus Maximus is a powerful machine capable of creating a 10' Barrel Wave with water flowing at a speed of 30 miles per hour. By utilizing the fast water flow and the arc of the barrel wave, flowboarders are able to accomplish maneuvers unimaginable on an ocean wave.

The Bruticus Maximus Wave Show will last approximately 30 minutes and can be viewed from the Impact Zone, the west side of the Courtyard and the north side of the White Sand Village Oasis.

Wave Show Inclusions:

Guest Wave Riding: Immediately following the Wave Show or later on during the event, our announcer will invite guests to try their skills on the Bruticus Maximus. Our wave operator will slow down the speed of the water and turn off two of the four pumps, changing the Bruticus Maximus to a Bruticus Minimus. Our skilled Flowboarding instructors will assist the participants and challenge them to accomplish basic FlowRiding skills while the rest of the guests cheer them on.

Wave House will provide a wave sign up booth for those interested in riding the wave

The Price for a thirty minute Wave Show and an additional 2½ hours of guest wave riding as described above will be \$5,000.00.

The price includes the following:

- ◆ Announcer , PA, sound system, lighting and music
- ◆ Skilled Flowboarders to perform a 30 minute show on the Bruticus Maximus Wave
- ◆ Flowboards, instructor and lifeguard
- ◆ 2½ hours of guest flow boarding
